Natural large wet slides at Bridger

Bridger Bowl
Bridger Range
4/8/2019
Code
WL-N-R2-D2.5-O
Elevation
8000
Aspect
E
Latitude
45.81410
Longitude
-110.92800
Notes

Evidence seen on Wednesday of large wet slides that likely ran on Monday during heavy rain event. Forecaster observed debris on most steep terrain from Hidden Gully to the Ramp. Debris ran to Goldilocks traverse and the road out of bounds north. Multiple size D2, up to D2.5.

From BBSP email: "Good evidence of wet slide activity across the mtn that prob ran late Monday?
Hidden to the Goldilocks traverse
B Gully past Goldilocks
Av Gulch/right side? to old lower gulch rd
Colter's to Reggie's level
Debris on Z fan at traverse level
Boundary chute to upper gate
Close call to nearly upper traverse."

Multiple Avalanches
