

Small Skier Triggered Sluff, Beehive Basin

Beehive Basin

Northern Madison

3/21/2021

Code

L-AS-R1-D1-I

Aspect

SW

Latitude

45.34070

Longitude

-111.39100

Notes

From email: "We both set off some small sluffing on the west side of the ridge between Middle and Beehive on our way out; the snow on that a [aspect](#) was a lot thinner and more prone to sliding on the older icy crust under the new snow. Photos are from below where we skied out; we dropped onto the west-facing slopes maybe 100' south of the prayer flags."
